

Jesus, Fill my Heart & Home!

Week # 5 Study at Home! How God Decorates!

We read about and tried our best to illustrate the beauty of Heaven, decorated with beauty and glory! We can only imagine how lovely the Garden of Eden was, unmarred by the destruction of sin. But we can see the Grand Canyon, the Rocky Mountains, Niagara Falls, and the Swiss Alps. The oceans waves crashing, the rose budding, the sun rising, and the eagle flying all call us to attention. We are reminded by their majesty of ONE, more majestic, that created them! Nature reveals both the Character and Power of our Eternal King! We also learn about God's decorating style, how His uses color, texture, line, form, and style. Before we look at Scripture, let's look at nature and learn more about the Lord.

List things in creation and “God’s decorating style” that is revealed.
