AMERICA

This high school History course was created in 2010 for my daughter to study American History.

This is not a product.

We are just sharing our own notes to inspire you in your own lesson planning.

I used *America: The First 350 Years*, a set of audios and we read classic books. At the end, we decided to add some information on more recent American history, but I do not remember what we added. I know it included biographies.

Warmly,
Meredith Curtis & Laura Nolette
