

MUSIC & ART

101

This high school Algebra II course was created in 2006 for my daughter as an art and music elective.

This is not a product.

We are just sharing our own notes to inspire you in your own lesson planning.

I took things she was already involved in (singing on worship team, lessons, and an enrichment class) and added a few more things to make a complete course.

Warmly,
Meredith Curtis & Laura Nolette
