

# Physics Lesson Plans 2011

This high school physics course was created in 2011 for my son and his friend Rose to learn physics from a Christian perspective.

This is not a product.

We are just sharing our own notes to inspire you in your own lesson planning.

I added some labs and a research project to a great textbook, *Psychology: A Christian Perspective* by Dr. Tim Rice.

We hope this will be a blessing and inspire you to create your own classes and unit studies.

Warmly,  
Meredith Curtis & Laura Nolette
